Receiving Policies and Renewals by Email

It has been brought to our attention that a number of clients would prefer to receive their Professional Liability Insurance policy by email, rather than by the conventional method through the post office. We understand that in this age of information being transmitted electronically, there is a move to change conventional methods to those that will provide instant sending and receiving for the convenience of the recipient. We are offering this opportunity to you. Therefore, if you would prefer to have your insurance policies and documents sent to you by email, please indicate so in the box below. You also have the choice of showing that you would prefer the conventional method involving post-delivery.

These electronic communications may also include bulletins, Evites, newsletters, general messages or texts and other information relevant to you.

Please confirm your consent to receive electronic communications from our office by ticking this box and signing this consent form.
